

# Participate in a paid experiment

## “Improving the well-being of warehouse workers”

### CONTENT:

Dear potential participant,

We are looking for students and employees at Politecnico di Milano to participate in a study on work experience and performance, conducted at the Garetti Lab (Bovisa campus).

### WHAT'S IN IT FOR YOU?

- Real-life research experience in operations and a lab setting
- A guaranteed Amazon voucher for participating (€5)
- The opportunity to earn additional rewards (€10) based on your performance
- Contribute to science!

### WHAT WILL YOU DO?

You will take part in a simple, interactive task in a lab environment, similar to a warehouse picking activity, wear some sensors, and complete a few short questionnaires about your experience.

The session takes approximately **2 hours** and is designed to be straightforward and engaging.

Participation is completely voluntary, and you can withdraw at any time without any consequences. You will be compensated for your participation!

**Important:** Students currently enrolled in the *Production Management* course taught by Prof. Klumpp are, unfortunately, **not** eligible to participate, as well as those with pacemakers, diagnosed heart conditions, diabetic neuropathy, hypertension treatment, acute visual problems, or a history of back pain

The experiment will take place at the **Garetti Lab, Politecnico di Milano (Bovisa campus)**.

Interested? Simply register via: <https://calendar.app.google/JwGF26UjsDMa2ud59>

Kind regards,

Prof. Matthias Klumpp, dr. Thomas De Lombaert, and the research team
